

Protect the future of Timberline Lodge

Estate Planning Information

To learn more about how your estate can support conservation at Timberline Lodge, contact our office manager **Randi Black** at 503-295-0827.

IRA Contributions

While yearly earnings and gains accumulate in an IRA tax-free, distributions from an IRA are taxed. Current tax law provides a great incentive to those over the age of 70 1/2 to make modest or even substantial donations to nonprofits. Use of an IRA-directed distribution to Friends of Timberline might benefit you - check with your IRA custodian and tax professionals to learn how IRA contributions from disbursements can reduce your tax burden and help conserve Timberline Lodge for future generations at the same time!

Named Funds

Consider establishing a named fund to honor a loved one or someone you admire. A minimum \$25,000 investment will provide a fund to be utilized by Friends of Timberline in a restricted or unrestricted manner as directed by you, the donor. Donors may add to their named fund at any time in order to increase the total.

Sustaining Contributions

Naming Friends of Timberline as a beneficiary in your will, trust, or bequests of property, stocks and holdings goes a long way in sustaining the health and capacity of our organization, protecting the legacy of Timberline Lodge, a true national treasure.

Your donations keep history
alive for the next generation.

Consider an estate gift today.
